Single or multi-user license available for electronic format (pdf file)

Quantity

_____ **New Frontiers in Automotive Electronics Packaging**

January 2018 (\$5,100, corporate license \$8,750)

_____ **2017 Flip Chip and WLP: Market Forecast and Technology Analysis**

January 2017 (\$4,995, corporate license \$8,500)

_____ **SiP for Mobile and Wearable Applications: Market Forecasts and the Changing Business Model**

January 2016 (\$4,995, corporate license \$8,500)

_____ **Advanced Packaging Update: Market and Technology Trends (4 issues)**

(\$5,100 per year, corporate license \$8,750)

_____ **2018 Global Semiconductor Packaging Materials Outlook**

(call for pricing)

_____ **Worldwide OSAT Manufacturing Sites Database**

(call for pricing)

_____ **3D IC Gap Analysis: Remaining Issues, Solutions, Market Status**

September 2014 (\$4,995, corporate license \$8,000)

_____ **Embedded Components—Why Now? Markets, Applications, and Technologies**

January 2014 (\$4,995, corporate license \$8,000)

_____ **SavanSys Fan-Out Wafer Level Packaging Cost Analysis**

(\$3,995, corporate license \$7,000)

_____ **SavanSys 2.5D and 3D Packaging Cost Modeling**

(Corporate license \$12,500)

_____ **SavanSys Cost Models for Packaging:** Wire Bond, Flip Chip, WLP

(\$5,750 each—annual fee, single user; corporate license \$12,500)

Coming in 2018:

- Packaging for Power Devices
